OXYGEN SOLUTION

DYNMED ELITE is truly a remarkable stationary oxygen concentrator which delivers the needs of patients in institutional and home care settings.

DYNMED ELITE specially ergonomically designed, takes less space and fits well in all setups. It is one of the quietest and most energy efficient devices available today.

Elite Series

-  Easy to maintain with modular design
-  Easy replacement of filters
-  Neat and innovative design
-  Oxygen percentage display
-  Timer and time accumulation
-  Audible and visual alarm:
 - Low oxygen
 - Power failure
 - Compressor failure
 - Low & high flow

FEATURES

- Four alarm systems: Low oxygen concentration alarm, Power Off alarm, Pressure Circulation Fault alarm & Compressor Fault alarm
- Avg Oxygen Purity: 93% $\pm$ 3%
- Low Sound Level: 42dB (A)
- Net Weight: Only 15 kgs
- Strong ABS shell, fashion design.

Oxygen Flow	1--5 LPM
Oxygen Purity	93% $\pm$ 3%
Power Consumption	300W
Output Pressure	50-70 Kpa
Noise Level	42 dB(A)
Net Weight	15 Kgs
Operating Temp.	5°C--40°C
Dimension (L*W*H)	380*260*580mm
Equip. Classification	Class II Type B
Power Supply	230V, 50Hz or 115V, 60Hz
